**Author Russ Alan Prince Lewis Schiff**

---

americans often use terms such as to err is human or nobody s perfect or we all make mistakes of course this is true as it is for all of america s leaders through the years this book is about decisions made in politics or public policy that may be considered unwise bad decisions that had unintended negative consequences for the decision maker this will not include personal decisions like deciding who to marry or whether to get divorced but rather to look at those political and policy decisions that can be considered at the very least unwise similarly kennedy s decision to visit dallas in november 1963 led to his death but doesn t really qualify as a decision of real political or policy calculation lincoln going to ford s theatre would be in that same category instead unforced errors lists 15 political calculations made by political figures often at the pinnacle of their own success which changed american history

exuberantly written highly informative jensen s stories that changed america examines the work of twenty one investigative writers and how their efforts forever changed our country here are the pioneering muckrakers like upton sinclair author of the fact based novel the jungle that inspired theodore roosevelt to sign the pure food and drug act into law queen of the muckrakers ida mae tarbell whose mcclure magazine exposés led to the dissolution of standard oil s monopoly and lincoln steffens a reporter who unearthed corruption in both municipal and federal governments you ll also meet margaret sanger the former nurse who coined the term birth control george seldes the most censored journalist in american history nobel prize winning novelist john steinbeck environmentalist rachel carson national organization of women founder betty friedan african american activist malcolm x consumer advocate ralph nader and bob woodward and carl bernstein the pulitzer prize winning reporters whose watergate break in coverage brought down president richard nixon the courageous writers jensen includes in this deftly researched volume dedicated their lives to fight for social civil political and environmental rights with their mighty pens

the plot to change america exposes the myths that help identity politics perpetuate itself this book reveals what has really happened explains why it is urgent to change course and offers a strategy to do so though we should not fool ourselves into thinking that it will be easy to eliminate identity politics we should not overthink it either identity politics relies on the creation of groups and then on giving people incentives to adhere to them if we eliminate group making and the enticements we can get rid of identity politics the first myth that this book exposes is that identity politics is a grassroots movement when from the beginning it has been and continues to be an elite project for too long we have lived with the fairy tale that america has organically grown into a nation gripped by victimhood and identitarian division that it

is all the result of legitimate demands by minorities for recognition or restitutions for past wrongs the second myth is that identity politics is a response to the demographic change this country has undergone since immigration laws were radically changed in 1965 another myth we are told is that to fight these changes is as depraved as it is futile since by 2040 america will be a minority majority country anyway this book helps to explain that none of these things are necessarily true

out in paperback is a wonderfully entertaining look at gay mass market paperback cover art that throws new light on the important role of the book publishing industry in the development of gay popular culture richly illustrated with over a hundred covers of gay themed pulps published between 1948 and 1998 this fascinating visual history provides new insights into a striking form of gay imagery following the huge demand for portable reading material during world war ii paperback publishing exploded in the postwar years at the same time the kinsey report and a spate of novels and non fiction studies about male homosexuality suggested new and sensational subject matter literature mass culture and the emerging homosexual underground combined in the accessible pulp paperback with its striking interpretive packaging for many readers including young isolated gay men an eye catching pocket sized paperback cover on a drugstore rack provided their first intriguing look into a previously concealed gay world what were the messages behind the emblematic images and flashy graphics for whom were they intended what was their impact on a rapidly changing north american society ian young author of the stonewall experiment a gay psychohistory and an authority on gay publishing probes beneath the surface of gay pulp covers to reveal their underlying sometimes surprising messages
